COMPANY PROFILE

Rider Bikes Pvt. Ltd.

'RIDER BIKES PVT LTD.' has mastered the art of manufacturing bicycle components for over 5 decades. It provides the most reliable and affordable products of high quality and workmanship which match the international standards. There is a well established infrastructure to produce various bicycle parts and auto parts inside our well - integrated workshops covering an area of 50000 sq. ft. The roots of our company lie in the soil of 'BHARAT WIRES LTD.' which was founded under the expertise of 'Mr. Surinder Kumar Aggarwal' in the year 1969 in ludhiana. Ever since its inception we have followed our basic policy of maintaining Hi - Tech Quality coupled with economic price factors. At present, we have a product line which includes B.B Axles, B.B Cups, BB Cartridges, Auto Parts Cold Forged and CNC Turned for Bajaj Auto as Tier III supplier. Each passing year has been a source of inspiration and has boost our confidence. Gradually we have gained goodwill besides respectability and acceptability of our products amongst leading makers of bicycle in India namely Hero Cycles, Hero Ecotech, Ti Cycles Ltd, and Heat Treatment and Bright Zinc Process for Maruti Suzuki Ltd, Hero Motocorp Ltd, Honda Motor Company Ltd as Tier II supplier. We have facilities as follows: 1) Cold Forging Knuckle Joint Presses 400 Tons each – 5 Nos. 2) Power Presses ranging from 10 tons till 150 Tons – 15 Nos. 3) CNC Centreless Grinder – 1 nos 4) CNC Turning Machines – 2 Nos 5) CNC Threading and Drilling SPMs – 2 Nos. 6) Cold Forging Headers – 2 Nos. 7) Tool Room consists of High Speed lathes, Shapers etc. 8) Standard Room with all types of Gauges and Inspection Equipment. 9) Heat treatment Section consists of a) 1 Annealing furnace of 2 Tons Capacity, b) 2 Rotary Furnaces with Case Carburising Facility, c) 1 Continuous Sealed Quench Furnace from Benco Kohnle German make. 10) Zinc Plating Plant with Automatic Glydo 11) Nickel Plating plant 12) Autoblack plant 13) Phosphating plant 14) Manganese Phosphate 15) Vibrators – 2 Nos.

We are in process of getting certified by ISO – 9001 and IATF 16949/2016. We also believe in self-inspection to maintain quality and production standards such as CQI9 and CQI11. We are starting this process in the first week of March and aiming to complete the process by September 2020. Our heartiest thanks to those of our clients who have contributed towards our progress and those of you who may join us anew. We assure you of our best and prompt attention in every respect. We continue to exert our energies for improving the quality and workmanship of our products. Any suggestions from our clients are most welcome for implementation as far as practicable and feasible. Through our dedicated staff, product quality and commitment to meeting the deadlines we look forward to global recognition.
